

Serie prodotto: IM

Codice prodotto: M070

This self-contained cube ice maker uses Natural Refrigerant R290 which is environmentally friendly and energy efficient. This machine is part of a unique range of cubers; designed with hygiene as a priority. Each ice cycle is made with fresh water, ensuring only the highest quality of ice. The cubes are easily recognized by its precise shape, clarity and slow dilution. This is particularly important for ice that is used in premium beverages like cocktails, as it protects the integrity and flavour of the drink.
