

FOOD PREPARATION
PLANETARY MIXER

EU MIXER

EFFICIENT – RELIABLE – INNOVATIVE

1 | RELIABLE – EFFICIENT – ROBUST

UNSURPASSED QUALITY AND RELIABILITY

HOBART's expertise and product development ensure a reputation for quality and reliability that has never been surpassed.

EFFICIENCY – EASE OF USE

Ergonomically designed for ease of use the bench and floor standing models feature an exclusive planetary action for consistent and efficient processing. The bowl lifting mechanism allows the operator to lift the bowl effortlessly. Whether it is the ergonomically designed handle for smaller types of machines, or the wheel action lifting mechanism, rest assured the bowl will move with ease.

HOBART's EU planetary mixer range is suitable for every type of operation and able to cope with all capacity requirements.

Bowl trucks are available for easing the movement of heavy loads.

Model A 200
20 l bowl capacity

Model HSM 10
10 l bowl capacity

Model HSM 20
20 l bowl capacity

Model HSM 30
30 l bowl capacity

EU MIXER

EFFICIENT – RELIABLE – INNOVATIVE

ROBUST CONSTRUCTION

HOBART's EU mixers feature top-quality and robust construction, which makes them extremely resistant to any damage, thus guaranteeing a long service life.

SAFE OPERATION

All models conform with CE legislation and provide extensive safety features and labour saving devices. Fully interlocked guards and NVR (No-Volt-Release) are fitted as standard.

ACCESSORIES – VERSATILITY

The EU mixers come with a range of standard accessories. An extensive list of optional equipment is provided. Accessories for reduced quantity mixing are available to suit the specific operation at the time. An attachment hub is offered to further increase the versatility of the mixers.

Model HSM 40
40 l bowl capacity

Model H 600
60 l bowl capacity

Model H 800
80 l bowl capacity
